LAYING INSTRUCTIONS

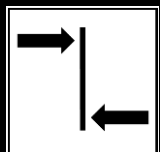

- 1) Prepare your walls by patching any holes and sanding them smooth. Prime the walls with an oil-based primer and let the wall dry.
- 2) Measure the height of the wall and allow an extra six inches for trimming. Roll out the wall covering on your work surface and cut several pieces to length with a utility knife.
- 3) Please follow the symbols on each product to achieve the desired effect. (Explanation of the symbols is given below)
- 4) To smooth out the paper, use a straightedge.
- 5) Let the glue dry to achieve the final desired effect.
